PRODUCT CATALOGUE 2019

D & D is a brand of innovative, highest quality cosmetics based on natural components and formulas developed by world-renowned authorities in the field of cosmetics chemistry.

We personally supervise the production process, taking care to provide you with the highest class cosmetics, not containing parabens, silicones, SLS, petroleum derivatives. We are distinguished by a very high content of active ingredients that help in obtaining lasting and spectacular clinical effects.

The production meets the rigorous requirements of GMP practices, confirmed by European ISO certificates.

SERUM
with vitamin E

25 +

For all skin types

30 ml

Serum with high 9% concentration of vitamin E, borage oil - a natural source, among others vitamins C, B and sweet almond oil - among others, a natural source vitamins A, D, E. It has a strong antioxidant effect, supports protection against UV radiation, effectively regenerates the skin and hinders the physiological processes of aging. Clearly reduces wrinkles, leaves the skin firm and well nourished. Regular use of the serum with vitamin E helps reduce the number of cells damaged by sunlight. Especially recommended for the care of dry, dull skin with visible signs of aging.

TWO-PHASE SERUM with vitamine C

30% better than best face cream. Very fast and deep effect. Super intensive serum which perfectly restores skin tone from the very first days of use. As a result, skin is in perfect condition in a short period of time.

Due to the content of hyaluronic acid with two different particle sizes, the skin shines and is well moisturized. This is a modern natural cosmetic, which promotes skin regeneration process towards biological recovery.

20 +

For all skin types

50 ml

FACIAL PEELING CREAM

with amber & pearls

For all ages

For all skin types

50 ml

Collagen exfoliating cream for skin cleansing contains amber powder and micronized crushed pearls. Gently exfoliates dead epidermis and improves microcirculation by providing valuable elements to the skin. Creamy texture of the preparation prevents skin from irritation and dryness. Smoothens skin and fosters better absorption of other ingredients. It provides natural skin tone, freshness and radiant look. Regular application allows you to keep your skin healthy and clean. Nourishes, moisturizes, rms and smoothens the skin.

1. Amber powder

- Regenerates the skin by penetrating its deep layers;
- Stimulates metabolism and provides energy;
- Destroys free radicals and impedes the process of aging;
- Improves skin elasticity and firmness;
- The skin regains its fresh and radiant look, enhanced skin tone;
- Prevents wrinkles;
- Provides deep and long-lasting moisturizing;
- Restores natural pH of the skin;
- Improves overall skin condition and has disinfectant effect.

2. Pearl powder

- Regenerates, enhances skin elasticity and firmness;
- Has healing and antiseptic effect on minor skin damages and spots;
- Has soothing properties;
- Absorbs excess of sebum and leaves your skin matte;
- Smooths, lightens and enhances the skin tone;
- Is non-cinedigebuc (does not clog the pores).

3. Collagen

- Stimulates the renewal process, deeply moisturizes and regenerates.

UNDER EYE CREAM

20 +

For all skin types

16 ml

Cream E for under eye is a natural BIOCOMPLEX, regenerating, smoothing wrinkles, reducing swelling, extremely well tolerated by sensitive skin under the eyes.

Liquid crystals, natural nano hyaluronic acid, colloidal GOLD, borage oil extract, rich BeauPlex vitamin complex, ionized water and organic emollients (including Shea Butter) ensure maximum effectiveness of preparation.

Cream E is recommended for all skin types, especially for sensitive skin with allergic tendencies, damaged and loose, with excessive wrinkles. It is very well tolerated even by the oversensitive, irritated acne skin (acne and rosacea).

The effect of the cream E can be seen from the first use.

UNDER-EYE SERUM

30 +

For all skin types

15 ml

A unique, elixir based on an innovative formula, was created for the particularly sensitive skin around the eyes. **Complexly regenerates and tones up, strengthening the lipid layer contained in the ceramides of the product.**

Immediately reduces dark circles and gently cares for the skin, leaving the skin velvety smooth and saturated. Elixir creates a natural film on the skin, which prevents it from drying out, and also slows the release of active ingredients. This allows you to get a long-term result of intensely moisturized and regenerated skin.

**ULTRA MOISTURIZING
CREAM**

20 +

For dry/normal skin

50 ml

Ultra moisturizing cream is designed for all skin types, especially dry and prone to irritation. It effectively moisturizes and strengthens the lipid barrier, ensuring optimal nutrition of the skin. This cream is rich in especially selected active ingredients, responsible for achieving a sensational moisturizing effect on the skin.

The cream contains the complex of restoring substances, NMF (Natural Moisturizing Factor) – which contains amino acids, urea, minerals, organic acids. Lipex Shea Light™ – it's a component of natural origin, which provides a feeling of velvety smooth skin, protecting it from the adverse effects of external factors and water loss. The high content of hyaluronic acid perfectly supports the production of new cells, and the algae extract, extremely rich in minerals: calcium, zinc, magnesium, provides the skin with nourishment, regenerates and creates a natural film on the skin, preventing dryness.

The refreshing aroma of Aquatic gives the impression of direct moisture, reminiscent of the sea breeze.

FACIAL CREAM

vitamin C formula

25+

For all skin types

50ml

Light cream C with strong anti-aging and antioxidant properties. The unique, lightweight formula absorbs quickly and makes the skin velvety smooth and moisturized. Cream C is ideal for use under makeup. The fragrance of Mohito stimulates the senses, creating the impression of immediate refreshment. The composition contains a large amount of vitamin C and many beneficial active ingredients, thanks to them cream used on a daily basis fights numerous skin imperfections such as discoloration, dilated capillaries, wrinkles and acne.

Light cream with a high content of vitamin C is recommended for:

1. Skin discoloration (molecular vitamin C inhibits melanin synthesis in melanocytes).
2. Tired and dull complexion skin.
3. Mature skin (reduce wrinkles).
4. Skin which exposed to ultraviolet radiation (reduce erythema and skin damage caused by UVA and UVB).
5. Skin with dilated blood capillaries, rosacea, acne.

Active ingredients:

A. Vitamin C - molecular form of natural vitamin C is well absorbed through the skin. It provides effective antioxidant protection, penetrates into skin cells, reduces bleaching and restores collagen. According to studies, vitamin C which used in the formula of the cream C acts in the deeper layer of the epidermis and even in the dermis.

B. Multifunctional tripeptide - especially effective in combating the signs of aging caused by ultraviolet radiation. It reduces age spots and irregular pigmentation, suppressing melanogenesis, stimulates the synthesis of collagen and reduces the appearance of pores.

C. Regenerating complex natural moisturizing factor NMF (Natural Moisturizing Factor) - among other amino acids, urea, minerals, organic acids. Effectively moisturizes, soothes irritations and improves skin elasticity.

D. Collagen is a biologically active protein that gives skin elasticity and smoothness. Reduces wrinkles, improves facial contours.

Premium line

NIGHT CREAM
with retinol Retin-C

30 + For all skin types

50 ml

At night, during sleep the human body renews cells which during a day underwent various adverse influences. This particularly applies, to the skin, the most vulnerable from the ravages of UV rays and pollution of the environment.

Innovative night cream Retin C contains retinol (vitamin A) and vitamin C. Both vitamins are powerful antioxidants that effectively contribute to the regeneration of skin cells. However, these vitamins are unstable and quickly lose their activity.

Cream RETIN - C solve this problem because it uses special resistant forms of these substances. Vitamin C and retinol in hydrogenated form and in very high concentrations. This ensures constant high activity and regeneration of the skin cells while using cream.

FACIAL CREAM

Intensive regeneration

A

18 +

For all skin types

50 ml

Amber- collagen Biocomplex: acts by simultaneously reviving energetic processes in the cell, activating metabolism, replenishing collagen deficiencies and stimulating cells responsible for decreased collagen production. It easily penetrates deep into the skin, reduces the activity of free radicals, thus slowing down the aging processes.

Thanks to the high concentration of natural collagen, characterised by very high level of absorption, it supplies the skin with everything it needs and at the same time ensures proper functioning of the skin cells.

Amber provides a plethora of micronutrients, amber is a natural active antioxidant which accelerates cellular regeneration, rejuvenates and regenerates skin, improves its metabolism and neutralises free radicals responsible for the skin's aging process. Amber is a natural UV filter.

In more, the biocomplex moistens the skin, penetrating inside the tissue, introducing prevalence of anions, and improves blood flow in capillaries, enabling absorption of active substances.

FACIAL CREAM

Hypoallergenic

P

For all ages

For all skin types

50 ml

Hypoallergenic cream contains carefully selected ingredients, stimulates the development of normal bacterial flora and thanks to **probiotics** soothes irritation. This effect is further enhanced by the content of the extract from the desert plant **Imperata Cylindrica**, which is responsible for ensuring the osmotic balance in the skin cells. Well-hydrated skin needs a protective barrier. This function is performed by **LIPOFEEL OL**, a concentrated source of phytosterols, which have a strong anti-inflammatory, regeneration, soothing, anti-allergic and immunostimulating effect.

Hypoallergenic cream, without allergens and silicones, rich in organic substances, could be used for skin care at any age, even for children.

ANTI-WRINKLE CREAM with caviar extract

30 +

For all skin types

50 ml

Luxurious anti-wrinkle cream with caviar extract, collagen, hyaluronic acid, tripeptides and black cumin oil for daily care of mature skin, aimed at intensive strengthening and effective reduction of wrinkles, discoloration and imperfections of the skin. The rich formula of the cream nourishes, relaxes and moisturizes the skin, restores its energy and maintains a young, healthy look. The cream protects the skin from the harmful effects of external factors, effectively mattifies the skin, leaving it velvety soft and smooth. Without feeling sticky and greasy skin!

Caviar extract – activates skin cells for natural regeneration processes. The beneficial effect of "black gold" is due to the high content of phosphorus and trace elements: zinc, iodine, magnesium and anti-aging vitamins and a high content of unsaturated fatty acids. The phospholipids, which are contained in the caviar, prevent the evaporation of water from the skin.

Multifunctional tripeptide – stimulates synthesis of collagen, as a result, wrinkles are significantly reduced. It also helps to reduce pores, lightens the pigment spots and restores proper skin pigmentation, inhibiting the enzyme responsible for melanogenesis.

Black cumin oil – so-called "Gold of the Pharaohs" - a powerful antioxidant: it neutralizes free radicals and delays the aging process of the skin. Significantly reduces wrinkles, regenerates and tones the skin. Thanks to its anti-inflammatory, antibacterial and antifungal feature, it cleans the pores, soothes irritations and inflammations. It has remarkable efficacy against acne and other skin imperfections.

MICELLAR WATER for sensitive skin

For all ages

For all skin types

The innovative formula of micellar liquid for very sensitive skin is a simple way to remove makeup, cleanse and soothe the skin. The liquid does not irritate and does not cause pinching of eyes. Babassu oil perfectly removes all impurities, and sodium hyaluronate strongly moisturizes and regenerates.

The combination of probiotics: lactitol and xylitol helps rebuild the balance of the skin's ecosystem by favoring the growth of beneficial bacteria.

Active ingredients:

Ecodermine - a combination of lactitol and xylitol, which helps rebuild the balance of the skin's ecosystem.

Sodium hyaluronate - has strong moisturizing properties, smoothes the skin, perfectly restores it.

COLLAGEN FACIAL CLEANSING GEL

Collagen cleansing has been created to make your skin pure, perfectly smooth and beautiful. The formula has been based on delicate cleaning components, which are ideal for the care of the most delicate skin. The gel enriched with natural ingredients which are perfect for the delicate skin. Natural ingredients improve skin condition and protect against dehydration. As a result skin is refreshed and cleansed. Product dermatologically tested. PG neutral for the skin.

Active ingredients:

Gluconolactone - An ideal active ingredient. Enables water to enter the skin, softens it and makes it perfectly moisturized. It has antioxidant and anti-radical properties, regulates the secretion of sebum and works against acne.

Noni fruit extract - Rich of vitamins (C, A, E, B3), mineral and amino acid components. Relieves inflammation of the skin, perfectly nourishes, revitalizes and regenerates the skin and also ensures its proper moisturization.

Collagen - Biologically active protein, improves the skin elasticity and face shape.

Aloes - Effectively moisturize and speed up healing of skin tissues. Thanks to the content of plant sterols, it has antibacterial and anti-inflammatory properties.

Allantoin and Pantenol - Work soothingly and anti-inflammatory, reduce irritation, speed up regeneration process.

BODY BUTTER with avocado oil

Rich in active ingredients, silky body butter based on natural oil: avocado and coconut oil. It contains an extract of algae and vitamin E. It has a pleasant, saturated consistency. Strongly nourishes and regenerates skin. The skin becomes smooth, firm and pleasant to touch.

Body butter and avocado oil are especially active in regulating of water and lipids, protecting, regenerating and nourishing the skin. They provide the skin with fatty acids, which are part of the cell membranes. Due to transesterification processes occurring on the skin, fatty acids are redistributed between the components of biological membranes and substances supplied oil and avocado oil.

Coconut oil is a rich source of fatty acids, vitamin E, K and minerals. Provides a moisturizing and smoothing effect. Penetrates into deep layers of dry skin, moisturize and smoothes. Extract of algae is extremely rich in minerals: lime, zinc, magnesium. It creates a natural film on the skin, preventing it from drying out. It slows the release of active ingredients, which has a beneficial effect on long-term hydration and nutrition. One more supplement is vitamin E, which has a strong effect, protects cells from free radicals, it is a natural UV filter, works against skin inflammation.

BODY BUTTER

with argan oil

Seed from the fruit of argan tree, which grows in Morocco, is the basis for valuable oil. Moreover, this is source of natural substances so necessary for skin regeneration. This oil has two times more vitamin E than olive oil, vitamin F, omega-3 and omega-6. Body balm based on Argan oil is a real treasure for the skin.

SHAMPOO GREEN CODE FX 5.3

Shampoo with active diosmine and heparadine. Medically and dermatologically tested. From the first wash the hair gradually stop falling out. After 2-3 months the new hair is starting to grow. Hairstyle becomes naturally dense. In addition, shampoo inhibits androgenic alopecia.

Herbal shampoo operates in four areas:

1. Diosmin and heparadine getting to the scalp and into the hair follicles significantly improves its blood supply, so the hair follicles receive more nutrients that strengthen hair.
2. Caffeine stimulates skin cells and hair follicles to more active operations and regeneration.
3. Hyaluronic acid effectively moisturizes and softens the hair. Marula oil adds shine and radiance.

Effects:

After several times of using the shampoo, hair loss decreases, and after 2-3 months new, stronger hair is growing in. Hair will get extra volume and it's easy to make perfect styling.

HAIR CONDITIONER FX 5.2

Seems that it's not possible to create a hair conditioner, because, what all hair conditioners do is glue on hair keratin or silicones to make effect that hair is thicker, but still is just silicones or keratin on hair, not the real hair.

This conditioner nourishes the hair follicles!

In addition, hair isn't getting greasy so fast. And most importantly, the use of nutrient will protect hair, in a great extent, from graying. The newly grown hair regains original color.

Hair Conditioner FX 5.2 - is innovative product.

Its action is to enhance the effect of shampoo and more actively nourish and strengthen hair. The active ingredients containing in hair conditioner, in a best way help for blood supply to hair follicles (diosmin, hesperidin, L-arginine) regenerate hair (stem cells from orange, Marula oil) and continue the life cycle of hair follicles (caffeine). With increased blood flow to the hair follicles get more nutrients, which strengthen the hair.

While using this shampoo and conditioner every woman and man will be able to see the beauty of its volume, healthy and radiant hair which does not grow gray!

D&N

Floral hair shampoo

Fx 5.3

1. Diosmin
2. Hesperidin
